

"Maths gives us every reason to hope that every problem has a solution"

MATHS MANIA

Mathematics occupies an inevitable place in every sphere of our life.

To help students realize its significance and experience the joy of learning Math, we are delighted to announce '**Math Mania**' - a weeklong celebration of **Mathematics**.

As part of this event, we have planned exciting competitions for Grades IV to VIII, including:

- **Numerical Reasoning Quiz**
- **Play Math - Lucky Draw Contest**

The **Numerical Reasoning Quiz** will be conducted in two stages:

- **Prelims (Written Round - Individual Participation)**
- **Finals (Team Event)**

 **Prelims Date:** 7th October

 **Finals Date:** 13th October to 17th October

 Participation in the **prelims is mandatory for all students**.

Students shortlisted for the finals & finals date will be notified through MCB.

We look forward to enthusiastic participation from all our students.

Let's make **Math Mania** a celebration of fun, logic, and learning! 🎉

Regards,

Math Department.

"Maths gives us every reason to hope that every problem has a solution"

Mathematics occupies an inevitable place in every sphere of our life.

To help students realize its significance and experience the joy of learning Math, we are delighted to announce '**Math Mania**' - **a weeklong celebration of Mathematics.**
