THE GLOBAL EDGE SCHOOL™ | 20 YEARS of EXCELLENCE

REFLECTIONS

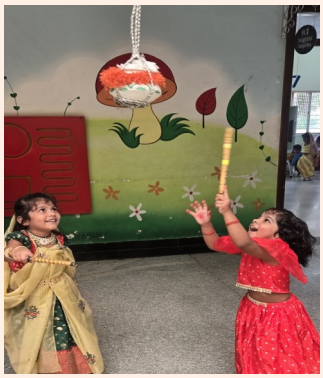

Learning Growing Achieving

September 2026 Edition

Janmashtami Celebrations : The spirit of Janmashtami filled the kindergarten with joy and devotion as our little ones dressed as Krishna and Radha. The celebration included a traditional song, a lively skit on Krishna's birth, and the fun-filled Dahi Handi activity. The children also made Krishna crowns and peacock-feather crafts and enjoyed tasting butter. The celebration concluded with cheerful dancing, making it a memorable day of joy, creativity and togetherness.

Celebrating Ganesh Chaturthi the Eco-Friendly Way: At The Global Edge School, we believe in nurturing environmental responsibility through meaningful practices. As part of our 3R approach – Reduce, Reuse and Recycle and our commitment to the Sustainable Development Goals (SDGs), the school distributes eco-friendly clay Ganesha idols to students, staff and neighbourhood every year. This initiative encourages everyone to celebrate the festival with devotion while caring for nature. Through this small yet meaningful step, our school continues to promote responsible choices and inspire young minds to become environmentally conscious citizens.

Teachers Day Celebrations: Teachers' Day was celebrated with great enthusiasm as our students under the guidance of student council came together to express their gratitude and appreciation for their teachers. The celebration began with a lively welcome dance by the students, setting a cheerful mood for the day. The students then organised a series of fun games in which both teaching and non-teaching staff participated with great excitement. The celebration became even more enjoyable with energetic dance performances by the students to some popular favourite songs. It was a joyful and entertaining celebration filled with laughter, music and happy moments. The thoughtful efforts of the students made the day truly special and memorable for the entire staff.

Little Hands, Big Blessings: The Kindergarten children celebrated Ganesh Chaturthi with joy and devotion. Dressed in colourful traditional attire, they presented a special assembly with traditional songs and learnt about Lord Ganesha and the significance of the festival.

The children made cute Mushika crafts and enjoyed sharing traditional food with their friends. They were also introduced to the idea of celebrating an eco-friendly Ganesh Chaturthi through clay Ganesha idols. It was a happy and meaningful celebration filled with music, creativity and togetherness.

Learning to Stay Safe :A Health Education programme was conducted for our Kindergarten to Grade 2 students to help them understand important safety and health topics. Through age-appropriate sessions, the children learnt about their bodies and how to recognize safe and unsafe situations. The programme helped the little ones learn simple ways to stay safe, healthy and confident while taking care of themselves.

Capacity Building Programme : The Global Edge School, Vasanth Nagar, organized a CBP Programme for all its teachers, providing a valuable opportunity for professional learning, reflection and growth. The two-day training programme was facilitated by CBSE resource persons Dr. Sanjeev Nampally and Ms. Murru Divya. The programme was structured into eight informative modules, with four modules covered on each day. It was an enriching experience that strengthened teachers' knowledge, skills and confidence, inspiring them to bring fresh ideas and effective practices into their classrooms.

QUEST 2026 Hyderabad Regional Finale: Our Global Edgers, selected

for the regional finale participated in the quest quiz. Though our young innovators didn't advance to the final stage round this time, they gained invaluable exposure, deepened their knowledge in Science, Technology, Engineering, Art, and Mathematics (STEAM) and AI, and displayed inspiring curiosity and sportsmanship. Every competition is a stepping stone to growth. We extend our warmest congratulations to our participants for stepping up, representing our school with pride, and daring to think big. Keep exploring, keep learning, and keep reaching for the stars!

IIHM Principal par Excellence Award & Teacher Par Excellence Award
